

Exchange Club Honors Zwierlein

Ed Zwierlein of Palo Alto, newly-elected state vice president of Exchange Clubs, was honored Tuesday when 80 Exchange members from clubs as far distant as Sacramento, Stockton, and Santa Cruz met at Cafe de Paris, Atherton.

Zwierlein, who probably will be elected state president at the convention next May, spoke briefly, outlining some of the problems facing the service organization in the next few years. He said the various clubs could take leadership in such war programs as tin and rubber conservation programs, sale of war stamps, and standardization of living. He also urged election to local, state and national office of capable, conscientious men, particularly lauding the candidacy for governor of Earl Warren, member of the Oakland Exchange Club.

REVIEWS RECORD

Henry Collins of Palo Alto told of the work of Zwierlein in Exchange since he became a charter member of the Palo Alto club in 1923. He has served the club there as president and secretary and in other capacities; has attended every state convention but one; in short, has been an "outstanding disciple of Exchange," Collins said. Keynote of the meeting was

sounded by Lieut. Comdr. H. M. Shanahan, USN, of Burlingame, who pointed to the seriousness of the war situation. He charged the nation had "been asleep for 25 years, and in the past couple of years has not made much progress in awakening."

"Only by the grace of God and the determination of the English people (in beating off invasion) are we existing as a free people today," he declared.

Demanding that the people realize the seriousness of the war and that representatives

"get this war straightened out and do it fast," he asserted: "If Americans don't find out what the war is about and change their habits of thinking and doing, I'm not so sure we're going to win."

OTHER SPEAKERS

Other speakers included Lawrence L. Ventrone of Stockton, past state president; Richard Seely of Sacramento and Norman McElwain of Santa Rosa, members of the state board of control; Henry West of Healdsburg, former board member; Al

Schneider of Santa Cruz and Al Fregg of San Rafael, district governors of their areas. Ivan Branson of San Francisco, district governor here, was toastmaster. Albert J. Terremere Jr., president of the host Redwood City club, presided.

Just before adjournment, a moment's silence was observed in respect to the memory of George Green, past state and national president, who died unexpectedly early yesterday at his home in Stockton. He had intended to be present at the meeting.

Coyote Point Fund Transfer Hits Snag

A resolution to transfer \$15,000 from the courthouse construction fund to loan to the Coyote Point maritime academy project was blocked at a meeting of the San Mateo County Board of Supervisors Tuesday morning. The navy wants the money immediately, Chairman Fred E. Beer pointed out, as the academy must be in operation by Oct. 1. It is an obligation, he said, as the county previously had agreed to aid in the development of the project. The \$15,000 would be a loan until the cities of Burlingame and San Mateo contributed to the fund.

No objection was made by the supervisors to making the loan, but Supervisor Alvin Hatch objected to taking the money out of the courthouse construction fund. He said he was tired of the building fund being "kicked around." Hatch charged that this was an attempt to do away with the construction fund.

OTHER PROTESTS

Winfield Scott, secretary of the San Mateo County Civic League, objected to the matter being brought up the last day of the fiscal year. He also declared he couldn't see why the money must be taken out of the construction fund now.

A representative of the controller's office was to appear at this afternoon's meeting to inform the supervisors how much money there is in the unbudgeted reserve.

The money would be used for dredging, installing facilities and other such items, Chairman Beer said.

In another stormy discussion during the morning session, Chairman Beer suggested to several residents of the Ocean Shore area that the people of that community show good faith by forming a police district.

This suggestion was made after William Pitschke and two women from that community charged that they had no police protection. They claimed that it was dangerous territory along the beach and that they would be in a "bad spot" if they did not have assistance.

Beer suggested that the sheriff might be able to provide protection.

Supervisor Thomas L. Hickey charged that the people of the district "fell down on the job" in reminding them that they did not file petitions in time for a previous hearing.

The board won't promise anything, Beer said, but suggested that another petition for a police district be filed and be presented at a future meeting.

A resolution for the purchase of a second 10 acres of property at Coyote Point for recreational purposes was passed. A resolution accepting a deed for the original 10 acres of Coyote Point property for the maritime academy also was passed.

A request of the San Mateo County Chamber of Commerce that Coyote Point be called San Mateo Point was referred to the county engineer for his recommendation.

Name of Menlo Ave., Menlo Park, was changed to Menlo Oaks Dr. on recommendation of the planning commission.

Application for a stable at Palomar Park was approved. A letter from Planning Adviser Ronald Campbell was read advising the board that he was attempting to get a representative to make a survey for the standardization of salaries.

"The consensus seems to be that all qualified men in California who are capable of adequately preparing a standard salary schedule are now employed full time by various war production agencies and are not

GAS MASKS FOR CIVILIANS?

Civilian Defense authorities hope that all citizens will be provided with gas masks some time in the near future. For the present, the limited available supply is being distributed among air raid wardens. In this photo Miss Claire Ridgway is shown holding four pounds of castoff rubber which she added to a service station salvage pile to do her part in the current rubber drive. Her Air Raid Warden tells her that gas masks need 1.8 pounds of rubber, and that her contribution weighs enough to supply the material for another mask.

San Mateo County To Get 76 Tires

BURLINGAME — San Mateo County's quota of new tires for immediately available for service here," he stated.

The cost of performing an adequate survey has been estimated between \$1000 and \$1500. Campbell said he has written to Chicago headquarters of the public administration service asking if they have a field representative who could come here and make the survey. He suggested that funds might be set up in this year's budget and that the board could then take the necessary time to find qualified men to make the survey.

July has been set at 76, according to figures released by the rationing board this week. Four hundred retreads will be available to successful applicants in the county while 200 new passenger tubes have been made available.

The complete figures are: new passenger tires, 76; retread passenger tires, 400; new passenger tubes, 200; new truck tires, 230; truck retread tires, 275; new truck tubes, 259.

RELEASED ON BAIL

John H. Taylor, 51, San Francisco, was released from the county jail here on \$4000 bail

Redwood City Tax Receipts Show Gain

Tuesday marked the closing for the payment of real estate and improvement taxes in Redwood City for the fiscal year, 1941-42, and preliminary estimates of Nelle L. Miramontes, city collector, showed that \$208,679.15 has been received so far this year as compared with \$198,660.97 for the fiscal year, 1940-41.

Such taxes, from which city government receives the major share of its support, are collected for a fiscal year dating from July 1 to June 30 of each year.

The collector said that although the amount received this year was larger than last year, it would have been still larger if war emergencies had not curtailed the improving of property.

Today was the last day that taxes could be paid without financial penalty.

Reason for the increase in receipts was given by the collector as an increase in property values. The tax rate, she said, was approximately the same as that for the last fiscal year.

Less than a 2 per cent tax delinquency rate is expected, the same rate that applied last year, she said.

In regard to the monthly collection of water fees, the collector said she wished to point out to home owners that they may obtain a 10 per cent reduction in their bill by making payment within 15 days of the time they receive it.

He had been arrested in Sharp Park Monday night on charges of driving while drunk and driving with a probationary license, after a crash in which his wife, Mrs. Nina R. Taylor, received numerous injuries.

City Council Criticizes Action of Local Bus Line

R. F. Martin, operator of the Redwood City Bus Lines Monday night was reprimanded at a meeting of the Redwood City City Council for not appearing before the board prior to making changes in his commute ticket arrangement.

Martin Levy of Durlston Rd. was the first of a group of commuters and councilmen to bring out that Martin should have appeared before the council before changing his ticket arrangement. Martin has reduced the time limit on commute books from 30 days to 15 for 14 trips. Levy asked that the matter be brought up and that it be brought before the council again. He also recommended that the bus schedule be changed to two trips an hour instead of three. Martin responded he was sorry he didn't take the matter before the council before making the change, but he said the tickets in question were commute tickets and that a commuter does not have any trouble riding a 14-day ticket in 15 days. These

tickets are not for shoppers, he pointed out.

Elmer K. Ross of Edgewood Rd., another commuter, maintained that the commute tickets should remain on a monthly basis. It hurts people who are on a five-day week, he said.

Roy Hawkins, bus driver, said Martin could get along all right if people wouldn't transfer their tickets. A party will buy a commute ticket, he said, and then let other members of his family use it.

Martin was granted the right, however, to use his new arrangement—14 rides in 15 days—until a formal application is made at the next meeting of the council.

Martin also was granted permission to operate on a temporary basis on a schedule worked out by himself and Owen Wright of the National Motor Bearing Co. to transport employees of the firm.

Wright said that he found that some employees didn't like to walk and that he has had three resignations on that account already.

"We may lose some more immediately if there is no bus service," he said.

Wright and Martin were told to go ahead on a temporary basis and to present a final form to the council at a later date.

(For additional news on last night's council meeting see page 8.)

After considerable discussion as to which of the two Menlo Park weekly papers, the Recorder or the Gazette, was the "lowest responsible bidder," the contract for printing the city's legal advertisements was awarded to the Gazette, which is asking 50 cents a column inch. The resolution awarding the contract was passed with Councilman Charles Oram and William Catter voting yes and Paul Bryant voting no. Councilman Charles Burgess voted "present" and Councilman Joseph Day was absent.

The board also voted to purchase on trial an electric fan, to be placed in the council chambers.

The finance committee will meet next Tuesday night to discuss the proposed budget.

Arthur N. White Now at Las Vegas

Second Lieut. Arthur Noble White, son of Maj. and Mrs. Arthur N. White of 2693 Cordilleras Rd., Redwood City, is now assigned to duty at the United States Army Air Corps gunnery school at Las Vegas, Nev., according to word received today. Lieutenant Noble was graduated from Sequoia High School and San Mateo Junior College. Before entering the air corps he was a tax accountant for a San Francisco firm.

DRUNK DRIVING CHARGED John S. Cinnamond, 43, 811 North Rd., Belmont, a hardwood floor worker, was arrested by the California Highway Patrol north of South San Francisco at 2 a.m. Tuesday on charges of drunk driving. He was released on \$50 bail.

WARTIME TRAVEL
is not "As Usual"

The pleasant days of travel "as usual" will come again. But right now the war job comes first—and the traveling public must expect some inconvenience and delay. Greyhound is cooperating fully

with the Office of Defense Transportation in Washington, D. C., to provide essential service for all those who must keep rolling to keep America rolling—selectees, fighting men and war workers.

THIS NECESSITATES:

- Operating only essential service.
- Eliminating extra buses if not sufficiently loaded.
- Reducing operating speed and eliminating fast, limited schedules.
- Establishing cooperative service with other companies over certain routes to reduce bus mileage.
- Conserving rubber and other vital materials by the above and other means.

HOW YOU CAN HELP:

- Make your trips short—as close to home as possible.
- Travel only during mid-week—Tuesday to Thursday. Week-end travel is congested by military personnel and war workers.
- Carry as little baggage as possible.
- Be lenient if there is any inconvenience, delay or crowding.
- Think twice before taking any trip—postpone it if you can.
- Buy U.S. War Bonds and Stamps.

THE WAR EFFORT COMES FIRST!

Entered in the Post Office at Redwood City as Second Class Mail Matter under the Act of March 3, 1879.

The petroleum industry is the bulwark of the economic structure of Venezuela, according to the Department of Commerce.

Five Auxiliary Firemen Added to Eligible List

Names of five Redwood City Fire Department auxiliary members this week were added to the list sent to Civilian Defense headquarters in San Mateo as eligible for certification after having passed the prescribed training courses.

They are Larry Heinger, Company No. 2; Ben J. Smith, rescue squad; Louis Rolla, rescue squad; Robert Brignetti, Company No. 3; and M. A. Bray, Company No. 6.

The list was signed by City Mgr. C. L. Dimmitt on the recommendation of Fire Chief Mark E. Ryan.

'Duration-ize' Your Range

Is your gas range ready for active duty on the home front? Perhaps no single household appliance has such a vital part to play during the war, for it is the faithful gas range that must turn out nutritious, health-giving meals day after day to keep families fit—and fit to fight.

Uncle Sam tells us on billboards and posters, in newspapers and magazines, that the United States needs us strong—that we must eat nutritional food every day. "Victory Cooking" is the byword as each housewife is urged to help win the war right in her own kitchen.

Careful meal planning—careful buying—is only part of the story. Cooking, to secure the best results, is equally important. Your modern gas range, reliable and efficient, will assume this important home defense duty for the duration, if you'll only do your part. Take good care of your range and it will take care of you.

Keep it clean; keep it free from spilled foods and grease. You'll find a good gas range seldom needs anything else, but if adjustments seem necessary, it's comforting to know that your dealer has an expert repair service department ready to "Duration-ize" your range and keep it in active, top-efficient service on the home front.

R.C. Man Is Missing

Mrs. Mabel Mayes of Redwood City has received word from the War Department in Washington, D.C., that her husband, Lieut. Herbert C. Mayes, has been missing following action in the South Pacific since June 4.

Lieutenant Mayes, who was in medium bombardment in the U. S. Army Air Corps, enlisted in 1940. Following his graduation from Kelly Field, Tex., in March, 1941, Mayes married Mabel Duncan. Mrs. Mayes' last word from her husband was a letter written late in May.

Mrs. Mayes, who has been staying with her parents, Mr. and Mrs. Harland H. Duncan, 927 Iris St., is a teacher at Central School in Redwood City and a soloist in the Bel Canto Chorus. She is now attending summer session at San Jose State College, of which both she and her husband are graduates.

Mayes is the son of Mr. and Mrs. Herbert G. Mayes of San Francisco. Mrs. Mayes is a graduate of Sequoia High School, and Lieutenant Mayes attended Palo Alto Military Academy and Monterey High School.

A sales tax of 33 1-3 per cent is placed on practically all cosmetics sold in the United Kingdom, the Department of Commerce reports.

Clerk Announces Election Change

An amendment to the election code affecting county central committees sets up a new system of determining the order that names of candidates shall appear on the ballot, County Clerk William H. Augustus announced this week.

This is provided for in Article 3, Section 3935.5 of the election code, which reads in part as follows:

"3935.5. County central committee. If the office is that of a member of a county central committee, the names of all candidates, including incumbents, shall be arranged upon the ballot in order determined as follows:

"At 10 a.m. on the second Monday following the last day on which declarations of candidacy may be filed, the county clerk shall hold a public drawing to determine the order of names on the ballot. The name of each candidate shall be written on a separate and identical slip of paper which shall then be deposited in a box. After all slips have been deposited, the box shall be shaken to mix the slips thoroughly. The slips shall then be withdrawn by the clerk, and the names of the candidates listed in their order of withdrawal. This order shall determine the order in which the names of the candidates shall be printed on the ballot."

The drawing will be held next Monday.

MENLO PARK NEWS

BY D. E. O'KEEFE

Shortly after July 4 one of the largest firms in Palo Alto is to open a branch store in Menlo Park. Watch for the announcement next week.

The recent rumor that there is to be a shake-up in the local police department appears to have no foundation in fact. The members of the force are giving satisfaction and therefore there is no reason for any changes in the personnel.

Mrs. Dorothy Fisher and her young son, Forest, have returned to Oregon after spending two months here. She was accompanied north by her sister Gale, who will spend her vacation there.

A representative of a motion picture firm in Chicago was here Tuesday looking for a site for a show house. A parcel of property on Oak Grove Ave. was favored for the building to cost \$25,000.

A party of young folks is being organized in Menlo Park to pick fruit in the Santa Clara Valley. The shortage of "squat" labor is playing havoc with the farmer who must gather his crop quickly when once the fruit begins to ripen. The youngsters are promised from \$3 to \$4 a day.

James Sherman of New Orleans has bought a home in Flood Park and will bring his family here next month. Mr. Sherman is a retired businessman.

August Johnson, a pioneer of Menlo Park, passed away last Friday at his home here after a long illness. He was born in Sweden 83 years ago. He was well liked and loved by all who knew him.

Retail trade in England declined from one-third to one-half in 1941, compared with 1940.

Supervisors Transfer Point Funds

Supervisor Alvin S. Hatch had his way at Tuesday afternoon's session of the San Mateo County Board of Supervisors by blocking transfer of \$15,000 from the courthouse construction fund to the Coyote Point construction and development revolving fund, but \$15,000 was made available.

After Hatch had charged during the morning session that the building fund was being "kicked around" too much, the board voted at the afternoon meeting to transfer \$10,000 from the general reserve and \$5,000 from the unbudgeted reserve.

The money is to be used for dredging, installing facilities and otherwise aiding in the development of the maritime academy. The money is to be paid back when the cities of Burlingame and San Mateo contribute to the fund.

The board passed a resolution transferring duties of the unemployment relief committee to the department of public health and welfare, together with personal property. This had already been agreed upon and equipment already has been transferred, according to Dr. Charles C. Gans, director of health and welfare.

Redwood City Youth Enlists in Navy

Jack LeRoy Sears, 20, of 1611 Oxford Rd., Redwood City, has enlisted in Class V-5, naval aviation, and is to report soon to the U. S. Naval Reserve Aviation Base at Oakland Airport for primary flight instruction.

Later he will be transferred to an advanced base where upon successful completion of the program he will be commissioned an ensign in the U. S. Naval Reserve or a second lieutenant in the Marine Corps Reserve.

Sears, son of Mr. and Mrs. R. L. Sears, is a graduate of Sequoia High School and attended San Jose State College. He is a member of Gamma Phi Sigma.

McNUTT ON VACATION

Judge Maxwell McNutt of superior court 1 will be on vacation during the entire month of July. Superior Court Judge Aylett R. Cotton will sit in his place.

Personal property. This had already been agreed upon and equipment already has been transferred, according to Dr. Charles C. Gans, director of health and welfare.

Sailor's Condition Still Critical

Condition of Max Henry Ford, 21, a pharmacist's mate in the U. S. Navy, was termed "critical" for the second straight day by attaches at Mills Memorial Hospital in San Mateo where he was taken after his fall Tuesday from a moving train.

Riding the second section of the "Lark," a northbound Southern Pacific train, he opened a corridor door to obtain a breath of fresh air and fell to the tracks as the train was passing Atherton.

At the hospital he was treated for head injuries, an injured knee, bruises, and severe lacerations of the face.

No X-rays have been taken of his head at the hospital as yet, attaches explaining that it was against hospital practice to take them for some time after the patient was admitted.

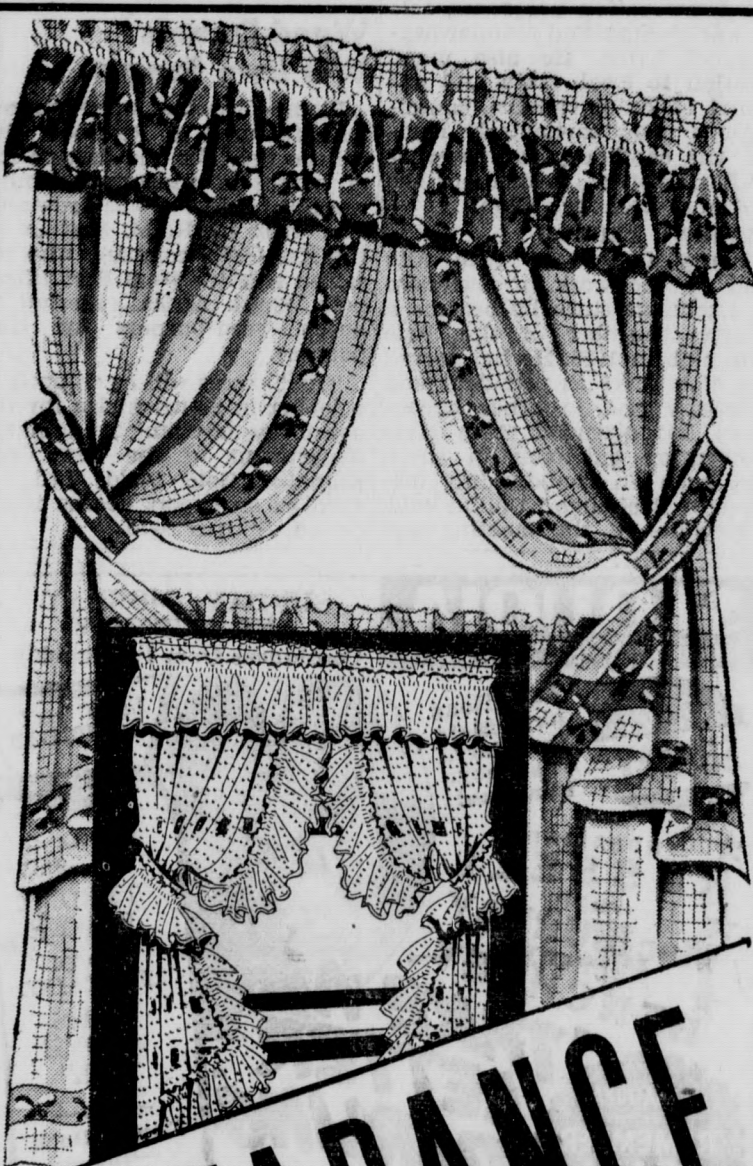

The Department of Commerce index of value of manufacturers' new orders jumped from 189 in February, 1941, to 314 in February, this year.

Taxpayers Group Reveals Expenditures

The local governments in San Mateo County spent \$7,985,721 in 1940-41, an average of \$68.20 for each man, woman and child in the county, study by California Taxpayers' Association of government expenditures in California by counties revealed today.

General county expenditures during the year amounted to \$2,549,882. The cities spent a total of \$1,865,310, school district expenditures amounted to \$3,159,438, county special districts spent \$281,019, and city special districts expenditures amounted to

\$130,072 the association found. Total expenditures by the local governments throughout California, the counties, cities, schools and the districts for 1940-41, amounted to \$566,640, an average of \$80.15 per capita, the association stated. In 1939-40 total expenditures amounted to \$551,978,184, an average of \$79.91.

Japs Capture 2 J-Mers!

American industry and American workers have done wonders at producing goods for a war which may have seemed some several thousands of miles away.

And now that this war is getting hotter and is coming closer, just watch this great American team of management and labor turn out the stuff to beat the Axis.

We're really getting our dander up! That's the way it is in Johns-Manville!

Two of our men have been caught by the Japs. This makes the war personal for every other J-M employee. First Lieutenant Ted L. Spaulding of the Army—formerly of the staff of J-M's San Francisco office—was taken prisoner with General Wainwright's forces in Bataan.

Sergeant Howard C. Moore of the Marine Corps—formerly of the J-M Waukegan, Ill., factory—was captured on an island in the Pacific.

Hundreds of J-M workers know and liked these two peace loving men before they left their jobs to go fight for our survival.

What they are doing now we do not know.

HERE'S AN EXTRA
HEAVE FOR TED
SPAULDING
AND HOWARD
MOORE

They may be in a chain gang. They may be doing coolie labor.

But Ted Spaulding and Howard Moore must be freed along with the thousands of other courageous fighters who held out in the Pacific until they were ready to drop.

And, every remaining J-M worker from office boy to skilled mechanic now has added cause to go at his task with his fists clenched—knowing that J-M is at present about 80 per cent on war work—and knowing that every lick on the job is a slash at the Axis gangsters who would make captives of all free people.

Cecil Brown Gets
Elmer Davis Post
On J-M Program

Cecil Brown, famous war correspondent, has been chosen to succeed Elmer Davis on Johns-Manville's nightly news broadcasts.

Mr. Davis is now in Washington as head of the new Office of War Information. He was appointed to that important post by President Roosevelt. In his new job Mr. Davis has the responsibility of giving the American public the news of the war and yet not reveal any information that might be helpful to the enemy.

Cecil Brown is an outstanding CBS war correspondent whose voice has been heard on world-wide broadcasts from Europe and the Southwest Pacific. When the Japanese torpedoes, bombed, and sank the British warships Prince of Wales and Repulse, the world learned first of the graphic details from a CBS report from Singapore by Cecil Brown a few hours after he was rescued from the oily waters above the grave of the Repulse. Mr. Brown has also seen action on many other fronts in this war and will undoubtedly maintain the high standards set by the J-M broadcasts.

"Cecil Brown and the News" may be heard every Monday through Friday at 8:55 p.m., Eastern War Time, over a nation-wide hookup of the Columbia Broadcasting System.

Lexingtonian Tells Story

Richard Fitzgerald, son of the late May and Harold Fitzgerald of Redwood City, recently described his experience aboard the aircraft carrier Lexington during the battle of the Coral Sea, while visiting his aunt and uncle, Mr. and Mrs. Jack Turbett of Santa Cruz.

"It was with tears in their eyes that those men who had undergone terrific pounding from Jap bombs and torpedoes, watched the ship sink slowly beneath the waves from the mortal wound administered by her own fellows," he said. "Donning life jackets, the crew either jumped the 42 feet into the warm waters of the South Pacific or slid down the long-knotted life lines."

Fitzgerald chose to jump, as he had burned his hands severely one time in a test slide. Only once did Fitzgerald see fighting and that was during the attack on the Gilbert and Marshall Islands. He was above deck at that time getting some fresh air, according to an interview he gave to a Santa Cruz publication, and saw the famous Captain O'Hare knock down five planes and a sixth in as many minutes.

Another incident Fitzgerald witnessed was the sinking of a Jap submarine. He happened to be upside when a submarine suddenly surfaced right in the middle of one of the task forces. In an instant a couple of cruisers opened fire and a destroyer let go two depth charges, he stated. The sub was blown almost completely out of the water and then sank quickly.

Burlingame Man Files Injury Suit

Hugh Givens, 1220 El Camino Real, Burlingame, has filed a damage suit in superior court in Redwood City for \$35,000 and costs against Jesus V. Ron of South San Francisco for injuries received in an automobile accident on Bayshore Hwy. in South San Francisco July 3, 1941.

Givens claims he suffered multiple fractured ribs, injury to chest, brain contusion and a large frontal scalp wound, fractured skull, deep lacerations on the right side of the nose and cheek and other injuries in the collision with Ron's car.

Doctor and medical services exceed \$2500, Givens stated.

The "sparkle" is what gives carbonated beverages their distinctive taste. Keep it all by pouring slowly from the bottle down the side of your glass.

R.C. Man Donates S.C. Roundup Trophy

John Olson of Redwood City has presented a trophy to the San Carlos "roundup" this Sunday to be awarded to the winner in the junior stock horse class.

Olson, who has given other trophies to the Portola Jubilee rodeos in the past, offers the award as an encouragement to youngsters to take part in the competition for which there will be no entry fee.

Feature of the roundup will be the performance of Carmen Coad's pinto, "Desert Dawn," with which he is able to rope steers without the use of a bridle, halter or guiding rope.

The show will start at 1:30 p.m. on the grounds of the H-H ranch two miles west of San Carlos.

Other officials besides Coad of Martinez who will judge the open pinto class, are Otto Hansen of San Francisco, who will judge the rodeo, and John Mayo, who will act as arena director. Fifty head of stock have been

obtained for the affair, proceeds of which will benefit the California Rangers, home defense organization of San Carlos riders. United Service Organizations will benefit from the sale of food and drinks.

Your sacrifice of luxuries is nothing, against the sacrifice of America's fighting men. Spend those luxury dollars for War bonds.

Pacific Accident

Best Man for R.C. Youth
Drowns While Swimming

Howard Koch, 23, of Santa Monica who only three weeks ago was best man at the wedding of George Downs of Redwood City to Miss Jane Campbell of Portland, drowned yesterday while swimming in the Pacific Ocean near Long Beach, Wash. Koch was a guest of the Downs at Long Beach when the accident happened. He was a roommate of George Downs last year while attending Washington State College, where both were veterinary students.

Both Downs, who is the son of Mr. and Mrs. Perry G. Downs of 129 Stratford St., Redwood City, and Koch have been doing defense work in Portland this Summer. Both had planned to return to Pullman, Wash., this Fall to continue their studies at Washington State.

Municipal Band To Receive
Continued Budget Support

Redwood City Municipal Band, directed by Bernard McCann, was assured of continued financial support at an adjourned regular meeting of the Redwood City City Council last night, when the group voted that the band be recognized in the next budget.

McCann was called to the meeting to give his opinion as to whether or not he believed the band merited the continued support of the city.

"I am very much in favor of continuing it," McCann said. "It is one of the best amateur bands in the state. It has received many prizes for its music and its appearance."

He pointed out that the band had given Redwood City much recognition. It is known up and down the coast, he said.

In answer to charges that the band had failed to appear on various occasions when desired by different groups, McCann said that only twice—on Memorial Day and at the Blood Bank opening celebration in San Mateo—did the band ever fail to appear when asked to appear.

The band makes about 24 performances a year, he declared. He also stated that he has a sufficient number of players—20 to 30 at every performance—to warrant its continuance.

That the band be recognized in the next budget was moved by Councilman William M. Werder and seconded by Councilman Evans A. Fletcher. Councilman George W. McNulty cast the only dissenting vote.

The council also granted the band permission to start a Summer series of concerts Thursday, July 9.

Relief Checks Delayed
For Temporary Period

Thomas J. Kane, San Mateo County controller said that checks for aged, orphan and blind relief have been held up temporarily until federal funds are received by the state.

Notice was received this morning that the checks would be released as soon as the money is available.

Follies To Give Matinee Show

A second special matinee performance of the dazzling Ice Follies of 1942, now showing nightly at Winterland, in San Francisco, will be held Saturday afternoon, July 11. It was announced this week. The day-time show was set in response to hundreds of requests, the management stated.

Night showings of the spectacular ice revue continued this week to attract capacity audiences. The great cast of international skating stars and beauties are seen in an entirely new production already acclaimed from coast to coast.

Frances Claudet, brilliant young Canadian star of Shipstad and Johnson's Ice Follies of 1942, displays her championship skill in sensational routines in the dazzling blade revue each night and also in her position as "coach" to those amazing precision skaters, the Ice Follies.

A full-time executive of the scintillating ice extravaganza, now at Winterland in San Francisco, Miss Claudet sits in on conferences with Oscar Johnson, Eddie and Roy Shipstad and Miss Fanchon to plan the thrilling production numbers. Following these meetings, the "Coach" must translate general ideas into precise ice routines.

Next step is teaching the intricate figures and steps to the skating ballerinas. During production of a new show, Miss Claudet spends long hours on the ice helping the Ice Follies to attain their perfection standard. At first, the girls are taken in small groups and taught the routines. After the groups have mastered the steps, Miss Claudet puts the whole line together for final drilling.

In the course of her teaching duties, Fran learns and masters the steps of almost every performer in the show. In addition, she masters her own difficult routine with partner Osborne Colson.

As teacher, Fran combines great skill with infinite patience and sparkling originality. She is former Canadian figure skating champion and was a member of the Canadian Olympic team in 1932. In 1936 she won the gold medal, the highest possible award in figure skating.

State Civil Service Announces Examinations

SACRAMENTO—With a special need in the state civil service for typists and stenographers, examinations for typist and stenographer clerks have been announced for San Francisco.

High school education is the only requirement to compete in some of the tests while others require one year of experience in general clerical work. The jobs pay salaries ranging from \$80 to \$110 a month to start, with increases up to \$150 a month.

Application blanks and information concerning these examinations may be obtained by writing or calling at the State Personnel Board office, 108 State Building, McAllister St., San Francisco, not later than July 13.

Kenneth L. Bowen, who has been serving in a civilian capacity with the U. S. Navy in San Francisco since taking a leave of absence May 13 from his position as editor of the Tribune, was commissioned as a lieutenant, junior grade, in the U. S. Naval Reserve Monday. He will continue to work in the office of the Cable and Radio Censor in San Francisco, making his home in Redwood City.

Two Youths Arrested On Car Theft Charge

Two 16-year-old youths from the Log Cabin Ranch, La Honda, were in the county jail today after they were arrested at 2:30 a.m. for stealing an automobile belonging to O. J. Biller, house of Redwood City from the local bus parking lot. The pair was apprehended by highway patrolmen on Skyline Blvd.

The youths, who had not been given permission to leave the ranch, will be turned over to Probation Officer Francis Robinson.

"HIDDEN HUNGER" STARRING WALTER BRENNAN

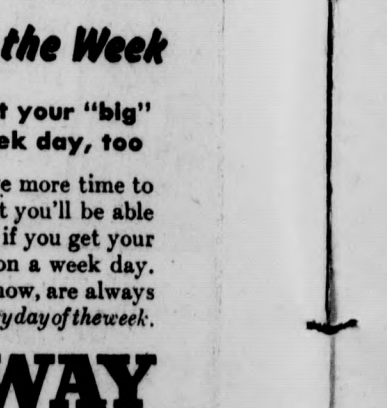

This picture, an official film of the National Nutrition Program, is not only entertaining, but authentic as well! "Hidden Hunger" will be shown in San Francisco at the

NEWSREEL THEATRE next to the Warfield, San Francisco, June 26—July 3

Will also be shown in Oakland at the NEW NEWSREEL THEATRE

Broadway at 12th St., July 3—July 10.

ANN LEARNS HOW TO MAKE WEEKENDS MORE FUN

Shop Early in the Week

Why don't you get your "big" order in on a week day, too?

Not only will you have more time to play on week-ends, but you'll be able to shop more leisurely if you get your big grocery order in on a week day. Safeway prices, you know, are always low, on everything, every day of the week.

SAFeway

How to have more fun on week-ends right in your own back yard

There's nothing that's quite as much fun as a picnic—especially a picnic right in your own back yard. And because picnics are becoming more popular every day (what with the tire and gasoline situation) the Safeway Homemakers' Bureau presents here these menus that should make any picnic more fun.

LAWN PICNIC

Have each family bring something
Kidney Beans and Spareribs
Coleslaw with Diced Apple and Green Pepper
Buttered Rye Bread
Ice Cream and Cake
Coffee or Root Beer

KIDNEY BEANS WITH SPARERIBS

1½ lbs. spareribs cut in 1½ cups meat stock
2-lb. pieces ½ cup finely chopped carrots
1 tbsp. shortening ½ tsp. thyme
½ cup finely chopped onion 1 tsp. salt
½ cup finely chopped 2 cups cooked kidney beans

Brown spareribs in hot shortening in heavy frying pan. Add onion and garlic; cook about 8 minutes, stirring frequently. Place spareribs in casserole. Combine meat stock (or 2 bouillon cubes dissolved in 1½ cups boiling water), seasonings, and beans; pour over spareribs; cover. Bake in slow oven (325° F.) about 1 hour or until spareribs are tender. Serves 6.

Here's a quick and easy menu for a back yard barbecue

BARBECUE

Make your own sandwiches
Broiled Cube Steaks
(Cooked on green-pointed sticks or toasting forks)
Toasted Buns
Sliced Tomatoes and Onions
Lettuce Pickles
Chili Sauce
Potato Chips
Orange and Pineapple Compote
Cup Cakes
Marshmallows for Toasting
Coffee or Iced Tea

PARK PICNIC

Cold Sliced Ham or Luncheon Meats
Bread, Butter, Lettuce, and Mayonnaise for Sandwiches
Pickles Potato Salad
Deviled Eggs Olives Carrot Sticks
Fresh Grapes
Gingerbread Iced with Cream Cheese
Thermos Coffee or Lemonade
